Dear Roy,

Leen and I saw the film and she would like to show it during the exhibition.

The exhibition will take place from May 2016 until July, but they are not sure yet about the exact date. It could also be until August.

We were also wondering about the sound being not levelled all the same way, we think. Some conversations are louder than others. She would also like to know if there are any conditions related to show the film?

Greetings
